SpiralBinding.com

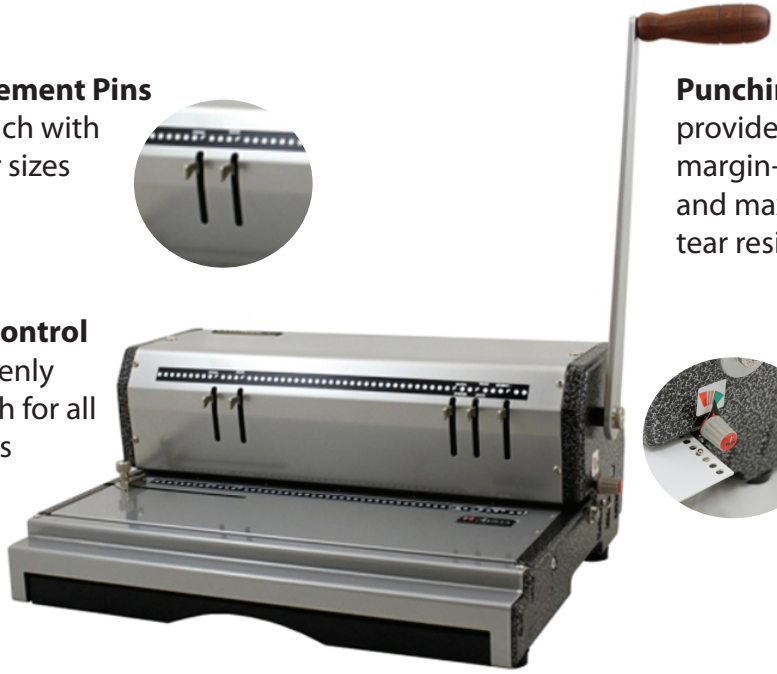
CoilMac renders efficiency and productivity. Its high quality components and full range of functions make it the most complete and durable equipment in its class. Ideal for higer volume binderies and copy centers.

Inserting Table Expedited the inserting of the coil; reducing cost and binding time.

Die Disengagement Pins for a clean punch with multiple paper sizes

Punching Margin Control provides the correct punch-margin-depth for each coil size and maximizes the document's tear resistance.

Side Margin Control provides an evenly centered punch for all document sizes



Open Punching Throat & Continuous Punching Guide allow the alignment and punching of longer documents

Waste Drawer
