

# How to Install a Replacement Cell in a Puraclenz Air Purifier

1. Rotate the top piece counterclockwise to unlock and pull off.
2. Squeeze the retention clip to release from the grooves and pull out.
3. Grab the screw in the middle of the cell and pull straight up.
4. Place the new cell in, aligning the grooves.
5. Replace the retention clip, ensuring it is inserted into all 3 slots.
6. Replace the top piece and turn clockwise to lock in-place.
