

FEATURES & BENEFITS

Versatile: Finishes Double-0 wire books from 2 - 210 sheets of 20# bond paper, on a bound edge up to 13" wide

Easy-to-Use: Electric punch & bind electric wire closer produces books up to 1^{1/4}" with foot pedal operation. No special operator training required.

Efficient: Heavy-duty steel dies punch up to 25 sheets of 20# bond in a single stroke

Accurate: Tilted closing table and jaws offer optimum document positioning

Adaptable: Easily adjusts for different wire sizes

Convenient: Built-in book thickness gauge for accurate Double-0 wire size selection

Punching Dies: 3:1 & 2:1 round or square dies are available for wire binding. Dies for plastic comb or plastic coil binding are also available.

Die Changeovers: Fast & Simple - punch dies slide in and lock in place in less than 1 minute

Retractable Punch Pins: Allows for punching various binding edge book sizes

Tool Storage: Built-in spare die storage to ensure punch tools are always available and protected

Safety: Anti-pinch photo cells

Reversing Switch: For quick release of paper jams

Installation: Small footprint table top model allows easy machine placement wherever it is needed
