

FEATURES & BENEFITS

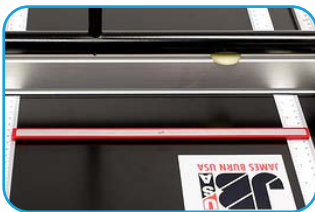

All metal construction

Two paper stops assure exact position for each crease location on repetitive jobs

Adjustable Paper Guide

Magnetic Paper Stop

ProCrease M2.1

Creasing Machine

The **JB USA ProCrease-M2.1** is a manual channel creasing machine designed to prevent cracking in toner based digitally printed graphics.

It offers an all metal construction with two magnetic paper stops for exact positioning of each crease location on repetitive jobs and a creasing width of 19.3”.

This an updated version of our popular ProCrease-M2 with redesigned creasing spacers that are stronger and more durable, making the ProCrease M2.1 better then ever.
