

FEATURES & BENEFITS

- Automatically cuts wire to length, feeds & positions wire for insertion
- Accurately sends book to patented closing station & delivers book
- All size & format functions are setup & instantly adjustable by user-friendly touch screen electronic controls, no mechanical adjustment
- Wire-0® size changeover are done in 2-5 minutes
- Finishes from economical Wire-0® spools
- Automatic features reduce setup waste
- Finishes flush cut & overhanging covers, as well as extended index tabs
- Operator friendly with large tabletop workstation helps reduce fatigue
- Installation is simple - Caster wheels for easy placement - No air required

WOB3000

~~~~~  
Semi-Automatic Binder

### Touch Screen Interface

### Closing Area

The **Wire-O Binder 3000** is a completely new concept for copy center environment. It is specifically suited for digital printers and print finishers that wish to automate their production of Wire-O® bound documents.

Running at speeds up to 400 documents per hour, the **WOB 3000** is fast, yet simple to operate with all size and format setups instantly adjustable by user-friendly 'touch screen' electronic controls. Designed for short runs, the automatic functions cut, feed and position the wire for insertion; then sends the document to a patented closing unit that accurately positions the document, without the need for stops or paper guides.

The Wire-O Binder 3000 is extremely simple to operate and cost-effective, providing maximum flexibility, it is an ideal complement to the Docupunch Mini or Docupunch Plus automatic punching systems.

## SPECIFICATIONS

|                                     |                                                    |
|-------------------------------------|----------------------------------------------------|
| Max Binding Width                   | 11.8" (300mm)                                      |
| Min Number of Wire-0 Loops          | 4 loops, 3:1 pitch                                 |
| Wire-0 Sizes (Spools & Cut Lengths) | 3:1 Pitch 1/4" to 9/16" / 2:1 Pitch 5/8" to 1-1/4" |
