

Akiles FlexiCloser Electric Wire Closer

The Akiles FlexiCloser Automatic Wire Closer with Smart-Detect is the world's first of its kind. The Smart-Detect feature automatically detects and closes any size wire with just a push of a button. The wire closing range is designed to close all types of wires, from 3/16" to 1-1/2", in either 3:1 or 2:1 pitch. The Micro-Adjust control panel allows you to fine tune the closure for virtually any size wire.

Features:

- Compatible with all wire sizes both 3:1 and 2:1 pitch
- Built-In Wire Holder - Makes loading books onto wire easy, especially when binding larger books
- LCD Display - Easy to read with touch sensitive buttons makes machine easy to operate
- Micro-Adjust Feature - Offers perfectly closed documents every time
- Magnetic Back - Aligns and holds the wire securely in place during the closing process
