

With its heavy-duty punch motor and complete system of functions, the Akiles CoilMac-ECP makes coil punching fast, convenient and professional, while giving you the flexibility to upgrade to our Finish @ Coil inserter for a separate binding station.

PRODUCT FEATURES

Coilmac-ECP Electric Punch Features:

Round Holes: Standard 4mm round holes.

5 Disengageable Pins: Specially designed disengageable positions guarantee a clean punch with most standard paper sizes, making the CoilMac-ECP very simple to use.

4:1 Pitch (.250) punching for coil binding. Punches 43 holes in a 11" sheet.

Coilmac-ECP-Plus Electric Punch Features:

Oval holes: Special 4 x 5mm oval holes. The first & only equipment of its class to offer this advanced feature. Makes coil insertion much faster as compared to standard round holes.

Fully Disengageable Pins: For a completely clean & professional punching of any paper size, all 54 pins can be independently pulled & disengaged.

Letter 4:1 pitch (.248): This coil pitch is specifically designed to give you 44 evenly-centered holes in an 11" sheet, which provides the most ideal hole to edge-of-sheet margins and easier coil insertion. Hole pattern is 100% compatible with standard 4:1 pitch coils.

Common Features:

Electric Punch Operation: Powerful punching capability with a simple press of foot pedal.

Extended Single Punching Length (13"): With open ends & continuous punch guide to easily punch documents of any length (up to 26").

High Volume Punch Capacity: Suggested up to 25-sheet for 20 lbs paper

Super Strength Punch Mechanism with exclusive "Precision Guiding System & trade" Blade Set: Cast-hardened & heat-treated steel dies provide superior strength & hardness. Exclusive "precision guiding system" guarantees a sharp & clean perforation everytime.

Electric Reverse (Anti-Jam) Function: For trouble-free punching.

Finish @ Coil Compatible: Included mounts allow for a Finish @ Coil M or E1 to be securely mounted on top of the CoilMac-ECP41 or ECP41+ (sold separately). This upgrade will offer operator the electric binding and/or crimping feature, on all coil sizes (up to 50mm).

Side Margin Control: Provides an evenly centered punch for all document sizes.

Punching Margin Control: Provides the correct punch-margin-depth for each coil size and maximizes the document's tear resistance.

Open Throat and Continuous Punch Guide: For an easy alignment and punching of longer documents up to 26".

Rugged ALL Metal Construction: Makes it the most reliable & durable coil binding system in its class.

Extra-High-Capacity Waste Drawer

6 Height-Adjustable Non-Skid Metal Feet

CE Certification: All components certified & approved by CE for most stringent safety requirements.

ISO9001 & 14001 Quality: Manufactured under ISO9001 & 14001 guidelines for highest quality control & environmental management

MACHINE SPECIFICATIONS

Model:	CoilMac-ECP41	CoilMac-ECP41+
Pitch:	Standard 4:1 (.250)	Letter 4:1 (.248)
Hole Size:	Round (4mm)	Oval (4mm x 5mm)
Punching Length:	13.5 (53 holes)	13.5" (54 holes)
Disengageable Dies:	5 out of 53	All 54
Punching Capacity:	Up to 25 sheets (20 lbs paper)	
Punching Operation	Electric	
Finish@Coil Mounting Bracket:	Compatible with Finish-@-Coil-M or E1	
Binding Capacity:	Up to 2" (with optional Finish-@-Coil-M or E1)	
Weight & Volume:	18 lbs & 1.4 CbFt
