

# Crimp-@-Coil Two Sided Electric Crimper

Speed up your coil binding process with this time saver! The Coil-a-Crimper is an easy to use electric coil crimper that cuts & crimps both sides of the coil at the same time, preventing it from rolling back out of the holes of your document.

Unlike any other machine on the market today, the Coil-a-Crimper's unique design accommodates all coil sizes from 6mm - 50mm, without the hassle of interchanging any parts. Its simple 5-Step setup only take the operator seconds to change coil or sheet size settings.

The Coil-a-Crimper is the ideal choice for high-volume binding facilities, as well as anyone who wants to avoid using manual crimping pliers during the coil binding process. Save time and money by ordering your Coil-a-Crimper today!

**Features:**

Electric Double-Sided Coil Crimpers with adjustable knives: Avoid manual coil crimping process and improve productivity.
