

Tamerica Dura-Wire 450

3:1 & 2:1 Pitch Vertical Wire Closing Machine

The Tamerica Dura-Wire 450 Closer is a heavy duty manual wire closer that is designed to close both 3:1, 2:1 and 19-hole pitch wire. The vertical feed closing area increases speed and efficiency, while helping to prevent the wire from slipping during crimping that can happen with horizontal wire closers causing mishaped wire.

Features

- Heavy Duty All metal wire closing machine
- Closes wire up to 14" legal size documents and more due to open ends.
- Closes up to 1-1/4" diameter wire loops.
- Compatible with all standard wire punching formats, 3:1 & 2:1
