

Magnapunch™ Pro

FEATURES & BENEFITS

- Half-second punch cycle
- Efficient power system driven by flywheel technology that converts electric energy to kinetic energy, allowing for faster acceleration and punching
- Punches up to 49 sheets at a time (varies by punch pattern)
- Punch activated by table top trigger or foot pedal to maximize throughput
- Easily accessible punch-pins
- Large chip tray with capacity for chips from 40,000 sheets
- All-metal housing
- Redesigned metal cover with die set ruler viewer
- Cast aluminum base that acts as a durable platform for the punching mechanism
- Durable precision worm gears constructed from high-grade carbonized steel, which allow for quick energy transfer and faster punching
- Enhanced edge guide with adjustable sliding knob and screw system
- Locking die set system with integrated safety switch, 13 die sets (including a new wire calendar die), and compatibility with Magnapunch 2.0 dies
- 3-year warranty

Meet the all-new GBC® Magnapunch™ Pro. This powerful interchangeable die punch is the fastest in the industry and delivers unparalleled reliability and durability. Boasting a half-second punch cycle, the Magnapunch Pro provides your office or print shop with a best-in-class high-volume desktop punch.

Product Specifications

Method of operation	Foot pedal/tabletop trigger
Sheet size	14" with typical use; two-step process for oversized punching
Productivity	Up to 49 sheets at once/up to 49,000 sheets per hour
Machine weight	111 lbs./50.3 kg
Machine dimensions	18.5" x 10.5" x 19.5"/47 cm x 26.7 cm x 49.53 cm
Package weight	120 lbs.
Package dimensions	22"x22"x20"
Power requirements	115 VAC, 50-60 Hz, 5.6 Amps
Safety	TUV approved
Warranty	3 years*

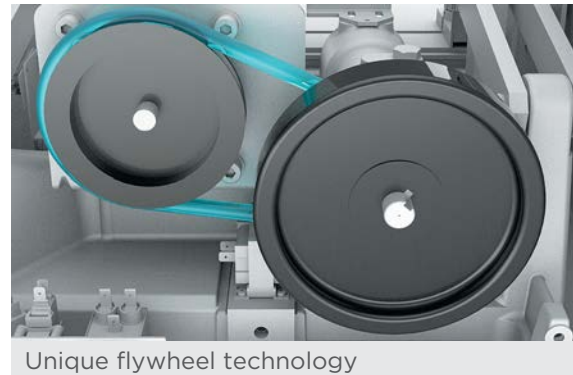

*3 year depot warranty. Optional onsite coverage available for full 3-year period.
