Eliminate time-consuming, costly hand feeding and trimming in laminating with the ALM3230 lamination system. The ALM3230 is a labor free automation with feeding, laminating, and trimming at the touch of a button. This automatic laminator offers heated rollers for crystal clear scratch-free laminations. Green button operation allows the user to simply touch the button and walk away for labor-free, fully trimmed laminated sheets. The ALM3230 is small enough to sit on a tabletop or on an optional stand.
