

## FEATURES & BENEFITS

- Binds 10 to 350 sheets in 13-20 seconds
- Designed to work with Foilfast® and PowisPrinter®
- Graphical user interface
- Strip, hardcover, and perfect binding
- 3.5 times faster than punch and bind
- Minimal training required
- Easy to produce professional documents
- Powis paper based binding has a low environmental impact versus plastic comb and coil binding

# Fastback® 20

## Tape Binding Machine

Papers and composition materials are FSC (Forest Stewardship Council) certified and contain 30% recycled and/or post-consumer waste content.

Papers bound with Fastback bindings are fully recyclable—same as for magazines and paperback books.

### Instructional LCD Screen

The **Fastback® 20** is the ideal binding machine for all corporations, financial institutions, copy shops, print environments, or education establishments that require professional-looking presentations, yearbooks or bound documents at a fraction of the time required to bind with alternative binding solutions such as coil, comb, or wire.

This machine offers unprecedented ease of use with its LCD display that guides the user through each operation using animated illustrations. The **Fastback® 20** works with all of the Powis binding materials, from the versatile Super Strip to the customized Image Strip to the Perfectback strips for perfect binding books. It can create anything from a simple report to a 350-sheet hard cover book.

### HOW TO BIND WITH THE FASTBACK® 20

#### STEP 1.

Prepare book block, place into machine & press the green button.

#### STEP 2.

Machine automatically measures book thickness & requests a narrow, medium, or wide strip. Insert binding strip.

#### STEP 3.

When finishing, remove book & place in cooling rack. Voila!

## SPECIFICATIONS

Dimensions	23.5" W x 9" H x 23" D
Weight	57 lbs. / 68 lbs. with packaging
Spine Lengths	Max. 12" (30.5 cm) (A4) / Min. 5.5" (14cm)
Spine Thickness	Narrow, Medium, Wide
