

# DeLuxe StitchMaster High Performance

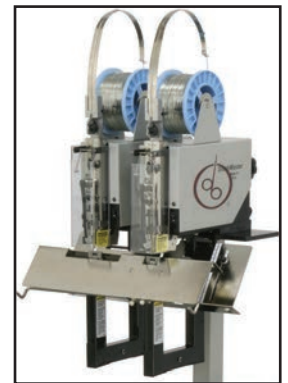

(DeLuxe StitchMaster  
High Performance w/stand)

The **DeLuxe Stitcher StitchMaster High Performance** is the Graphic Arts Industry's premier, portable, high-quality stitcher. It is quiet, fast, dependable and inexpensive; ideally suited for small print shops.

This sturdy machine has a convenient one-knob adjustment for work thickness and leg adjustment which sets it apart from its competition.

The StitchMaster High Performance is designed to be clamped to any work table or to a floor stand (available separately).

Two StitchMaster High Performance stitchers can be connected to form an effective two-headed stitching machine. Double-headed models come complete with two SM-A25 StitchMasters and SMK-4 table adaptor.

(Dual DeLuxe StitchMaster High Performance)
